Tim Schmidt-

Tim is also pretty interesting in his own way. He is fun to horse around with, and to talk to about our similar interests: sports and cars. I'm glad I have the chance to get to know him more; he is a caring person and a good friend.

*** Mom and Dad: Thank you for all of your love and support for our wedding. I (we) would not have been able to do this without you both. I really thank you for everything that you have made possible so far in my life. I couldn't have better parents if I got to pick them out myself! Thanks for everything....
-Brian

*** Mom and Dad: Thank you so much for your patience, love, and support. You have made this day a dream come true for me, and I will always be grateful. I appreciate everything you have done for Brian and me; there just aren't enough words to express our gratitude. I love you!
-Laura

*** We would like to thank everyone for sharing our very special day with us. We appreciate the love and support that we have received from our friends and family. You have all helped make this day special and memorable.

The flowers on the altar are given in loving memory of our Grandparents, who are with us today and everyday in spirit.

Best Man

Eric Zacherl-

A real long-time friend. Eric and I have known each other since Middle School band. We have grown closer over the years, despite the long distances and short visits. I can always talk to him about anything; he is a good listener and advice giver. He is a true friend I can always confide in.

Groomsmen

Mark Steinke-

My second close friend. Mark's friendship was actually a result of knowing Eric. All three of us have been around each other for years now. Mark even became college roommate #2. Mark really knows how to have fun in life, and he is always good for a wise remark. Whenever I need a "pick me up", he is always there.

Phil Ohme-

College roommate #1. When I first got the call from my roommate-to-be the summer before college started, I was very surprised. I didn't know what to expect. Well, I couldn't have been luckier... Phil has turned out to be such a great friend over the several years that I have known him. He is great to talk to and fun to be around.

Joe Foster-

College roommate #3 (that was NOT easy by the way!). Joe is such a great guy to know in life. His choice of words always astounds me. To describe Joe simply would be to call him "Buddy". We always had fun as roommates in college even though we are so incredibly different. I appreciate all Joe has done for me; he is truly a great friend.

Chris Schmidt-

One of the more interesting people that I have met after I met Laura. To describe Chris is impossible, but I know that he makes Laura laugh all of the time. In the short time that I have known him, I think that I have ended up with a pretty cool (and fun!) brother-in-law.

We would like to take this opportunity to say a few words that express our feelings for those who have made this day and indeed our lives so very special.

Matron of Honour

Barbara Fenner-(sincere & tenacious)

In the time that we have known each other, Barb has become one of my closest and truest friends. She has always been there for me, helping me along the way. She is one of the strongest people I know; yet behind that 'tough-as-nails' exterior, there is a sweet, caring person that I am so happy to know and have in my life.

Bridesmaids

Karie Henning-(honest & understanding)

Karie and I have been through so much together: being roommates in the college dorms, then in several different apartments, all while moving every three months! She has stuck by me through many situations: various roommate fiascos, my knack for making constant noise, and my cat always trying to get a taste of her lunch. Karie is a sweet, congenial person, a really great friend, and truly one of a kind!

Melissa Cross-(dependable & dedicated)

Melissa and I met during our college orientation, became fast friends, and the rest is history! She is the most organized person I know; she can have ten things going on at once and know exactly what's happening. Even though she was (and still is!) constantly busy, she always made time to help me out on the most formidable homework assignments. She is always there to lend an ear and a bit of advice if I ever need it. Melissa is a wonderful person and a true friend.

Christine Porter-(selfless & compassionate)

Christine has the biggest heart of anyone I know; there is absolutely nothing she would not do for someone in need. I think that everyone who knows her admires her personality and appreciates her selflessness. She is fiercely dedicated, and only after working in a group with her can one truly understand how devoted and supportive she is while working on a project. Christine is a genuine and good-hearted friend.

Natalie White-(loyal & supportive)

Natalie and I go way back; we have been friends since high school. She is the kind of person that draws others near because of her bubbly personality and friendly demeanor. She has always been supportive - to me when I didn't do so well at track meets, and to others when they were feeling down. Natalie is a beautiful person, both inside and out, and I will cherish our friendship always.

Christy Montini-(amicable & gregarious)

Christy is the most outgoing and sociable person I know! She always has a story to tell or a place to go. We are exact opposites in a similar kind of way; I sometimes wish I had her gregariousness. She is dependable and caring, and I am lucky to not only have her as a sister-in-law, but to also have her as a friend.
